

Term 3 Week 3

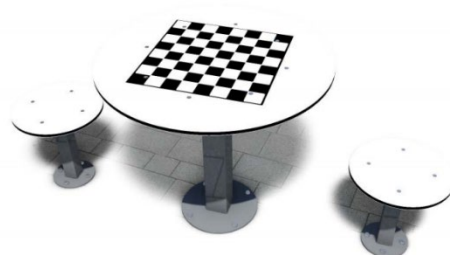

PRINCIPAL'S REPORT

I would like to thank all the staff, students and parents for your support throughout this period of remote learning.

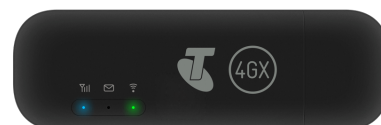

Our school has done a wonderful job once again, the engagement level from all students is extremely pleasing, but I need to mention Year 9. Over 95% of this year group engaged via the online platform last week. Well done year 9 and everyone else. Once again, we are doing a wonderful job during difficult times.

The chess tables have been ordered and are on their way. I am very much looking forward to when students come back to school, enjoying the Winter sunshine and playing chess against the many students who enjoy this great game. Hopefully, I will be the one to say Checkmate!

Don't forget to take pictures of what you do on Wellbeing Wednesday and send them in. Last week's winner, Josh H will get to choose from a number of prizes up to the value of \$50.

If your child is having trouble with remote learning please let us know so we can help. It may be a laptop, Wi-Fi dongle or just a simple phone call to put students' minds at ease. We have recently been provided by the NSW Department of Education with laptops and Wi-Fi dongles to support families who need it.

DEPUTY PRINCIPAL'S REPORT

Parents, thank you for supporting your son with learning at home.

I'm encouraged by our students' engagement with online learning, recognising that it can often be challenging to juggle Google Classrooms and Zoom in the home setting. I'm hoping you're also finding ways to enjoy the experience – there are lots of fun ways to learn without technology.

Our priorities are helping your son stay connected to school and learning while we have stay-at-

home restrictions are in place. It's really important that he is taking this opportunity to read: reading every day and challenging himself to read more complex texts.

Did you know your son can borrow e-books through our library?

ALL Students in Year 7-10 borrowing limit has been increased from 2 books to 4 books and Year 11 and 12 to 6 books. This will allow ALL STUDENTS to borrow additional eBooks OR an AUDIO BOOK from the Oliver Library while at home.

The 'how to' video links are:

Locating, borrowing and returning eBooks in Oliver Library: <https://vimeo.com/425827743/0a6f8f75df>

- **Locating, borrowing and returning eBooks in the Wheelers app:** <https://vimeo.com/426109068/be42abd56b>

ALL existing books loans for students Years 7-12 have been renewed until 16th August. There is no need to return a physical book to school during the lockdown period.

Our ACCELERATED READING PROGRAM is available online

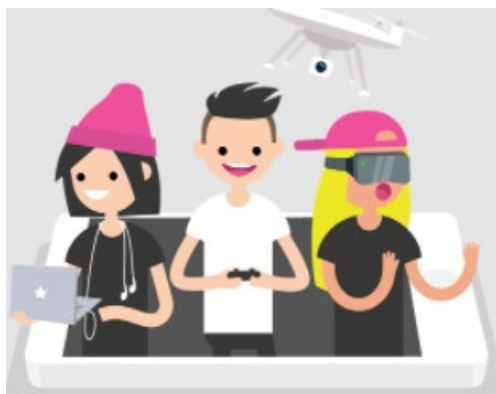

Students in Years 7 to 9 should be reading an Accelerated Reader book every day for at least 20 minutes. Students should have their AR book and their AR logbook to record their reading. It's important that students are following through with the daily reading. A routine is the best way for example:

1. Students **READ for 20 minutes** each morning at the beginning of Period 1.
2. At the end of the 20 minutes, they **record what they have read in their logbook**. Parent/guardian signs the reading log.
3. Students share what they have read with a family member at home and with their teacher/ librarian during Wide Reading lessons.
4. Once the book has been read, students complete their AR quiz online.

PLEASE NOTE: All students are able to access their AR quizzes from home. There is a time constraint to complete a quiz from 8:30AM to 5:30PM, Monday to Friday. (Students cannot complete a quiz on a weekend.)

Online security is paramount

I've had a number of discussions this week with parents and students about digital security – particularly about **keeping passwords safe**.

Everyone knows not to share their passwords – but it still happens!

Please have this discussion with your son, so that they say 'no' if someone, including their friend, asks them to share it, for whatever reason.

A useful resource about password security is on the department's Digital Citizenship page:

<https://www.digitalcitizenship.nsw.edu.au/articles/what-makes-a-good-password>

There's also an excellent resource for parents and carers about online safety that I would encourage you to read : <https://education.nsw.gov.au/parents-and-carers/wellbeing/online-safety-checklist>

Student and family wellbeing

I hope your family is enjoying Wellbeing Wednesday. Remember to send photos so we can share them with the school community on Facebook.

Has your son connected with our Wellbeing Google Classroom and tried some of the activities there? It has a wide range of resources – from study tips, to exercise routines, to meditation and mindfulness guides.

Take care and stay safe.

Ms Caitlin Dwyer
Deputy Principal

CAREERS CORNER

**FINISHING YEAR 12?
LOOKING FOR A TRADE CAREER?**

5-WEEK ACCELERATED PROGRAM

We have upped the intensity and will be delivering our same transformative program in a condensed 5-week period exclusively for HSC School Leavers!
